Dear Tracey,

I would like to extend my deepest gratitude to you, Naomi Rosenfeld, Lisa Hession-Kunz and the Kerem Shalom Community for organizing, collecting and delivering the car and truckloads of furniture and household items to Household Goods.

We are seeing an influx of referrals including many families from Afghanistan. This drive is a huge help as we rebuild our inventory to help meet the needs of so many families living without basic home furnishings. Many of the items you collected are already in use in new homes.

The best way to describe the impact of your effort is through the words of our clients:

Hatus wrote: "I just want to thank all of you from Household Goods, the volunteers, the people who donated the furniture and appliances ... It was amazingly helpful for us. Thank you so much!"

Jessica wrote: "God gave me a house, you ALL gave me a home. Thank you! You are appreciated more than you know."

On behalf of our staff, volunteers, clients and referring agencies, thank you for supporting Household Goods in this tremendous way. You are all appreciated more than you know!

Please extend our gratitude to everyone who made this drive possible.

Sincerely,

Sharon Martens  
Executive Director
